Dear Revived Soldiers Ukraine Donors and Supporters,

As we approach the Christmas and New Year holidays, I would like to take a moment to express our deepest gratitude, on behalf of the Revived Soldiers Ukraine team, for your unwavering support throughout 2025. Since 2015, we have facilitated life-saving care for more than 175 injured Ukrainians by partnering with leading U.S. medical institutions, including the University of Illinois Hospital, Wills Eye Hospital, Massachusetts General Hospital, Northwestern Memorial Hospital in Chicago, Penn Medicine in Philadelphia, the Hospital for Special Surgery in New York, Prosthetic and Orthotics Associates (POA), Prosthetic Innovations (PI), and others.

Your generous contributions, both in the United States and in Ukraine, have had a profound impact on our mission to assist severely wounded Ukrainian soldiers, civilians, and the servicemen and medics who serve on the front lines.

A core focus of our efforts is supporting Ukrainian amputees who require complex procedures and specialized care that is not available in Ukraine. This year, through your generosity, we were able to provide life-saving treatments, advanced prosthetics, and comprehensive rehabilitation for Ukrainian soldiers severely impacted by the war. Below is a detailed overview of the impact your support has made, along with our plans to sustain and expand this mission of compassion.

Transformative Impact: Medical Care for 37 wounded Soldiers in the United States

In 2025, we allocated **\$1,060,412** to cover medical, surgical, and prosthetic care for **37 Ukrainian servicemen**. Below is a detailed account of the individuals we assisted, the care they received, and the associated costs:

1. **Denys Slukhai** (5th Separate Platoon): **\$41,100** — Leg surgery and abdominal organ surgery with infection treatment at the University of Illinois Hospital; double below-knee amputations and prosthetic walking/CrossFit legs at POA.
2. **Maksym Orel** (Special Forces Unit “Omega”): **\$31,100** — Spine and abdominal organ surgery with infection treatment at the University of Illinois Hospital.
3. **Andrii Romanchuk** (24th Brigade): **\$15,860** — Infection treatment and reconstructive surgery at the University of Illinois Hospital.
4. **Soldier G** (Polk Kalinovskogo, Belarus): **\$12,500** — Abdominal trauma; transportation to the U.S. in March 2024 and life-saving abdominal surgery in June 2025 at the University of Illinois Hospital.
5. **David Piasetskyi** (3rd Assault Brigade): **\$16,910** — Eye surgery and prosthetic arm treatment at Prosthetic Innovations.
6. **Oleksandr Chumak** (128th Brigade): **\$31,174** — Leg surgery and amputation at Penn Medicine; prosthetic walking and running leg at POA.
7. **Maksym Lucko** (3rd Regiment Platoon): **\$76,860** — Leg surgery at Penn Medicine; prosthetic arm and leg at PI.
8. **Valentyn Harbovskyi** (25th Brigade): **\$25,200** — Left leg surgery and infection treatment at Penn Medicine.
9. **Ihor Kozak** (102nd Brigade): **\$17,160** — Right leg surgery and infection treatment at Penn Medicine.
10. **Volodymyr Zhdanov** (National Guard of Ukraine): **\$41,700** — Advanced bionic prosthetic arm at PI.
11. **Pavlo Nesterenko** (110th Brigade): **\$14,100** — Eye surgery at Wills Eye Hospital.
12. **Stanislav Zorii** (Special Forces Unit): **\$15,910** — Abdominal wound treatment at the University of Illinois Hospital.
13. **Dmytro Nyshchuk** (42nd Brigade): **\$69,400** — Bilateral high-level bionic legs at POA and rehabilitation, learning to walk.
14. **Volodymyr Kuzmenko** (8th Platoon, Special Forces): **\$26,200** — Above-knee amputation; high-performance prosthetic walking leg at the Protez Foundation Center.
15. **Volodymyr Dziubynskyi** (95th Brigade): **\$10,400** — Above-knee amputation; high-performance prosthetic leg at POA.
16. **Viktor Skaley** (11th Separate Helicopter Brigade): **\$29,100** — Right leg amputation; advanced bionic prosthetic leg at POA.
17. **Dmytro Skliarenko** (115th Brigade): **\$17,900** — Hip-level bionic prosthetic leg at POA.
18. **Illia Haiduk** (128th Brigade): **\$29,800** — Above-knee amputation; high-performance prosthetic leg at POA.
19. **Ivan Holyk** (80th Brigade): **\$58,100** — Bilateral high-level bionic legs at POA and rehabilitation, learning to walk.
20. **Andrii Pylypchuk** (3rd Assault Brigade): **\$59,600** — Bilateral high-level bionic legs at POA and rehabilitation, learning to walk.
21. **Maksym Korzh** (46th Brigade): **\$29,900** — Bilateral below-knee amputations and prosthetic socket replacements at POA.
22. **Vitalii Bielkin** (129th Brigade): **\$9,400** — Abdominal trauma; private jet transport from Poland to the U.S. in June; preparation for abdominal surgery at the University of Illinois Hospital.
23. **Dmytro Soloviov** (92nd Brigade): **\$33,600** — Abdominal trauma; private jet transport from Poland to the U.S. in October; preparation for abdominal surgery at the University of Illinois Hospital.
24. **Volodymyr Shkul** (156th Brigade): **\$33,600** — Abdominal trauma; private jet transport from Poland to the U.S. in October; preparation for abdominal surgery at the University of Illinois Hospital.
25. **Svitlana Bila** (3rd Assault Brigade): **\$50,960** — Above-knee amputation; high-performance prosthetic leg with orthotics at POA.
26. **Viktor Khodakovskyi** (GUR Kraken): **\$13,348** — Foot amputation; four orthotics at POA.
27. **Serhii Serhienko** (77th Brigade): **\$20,850** — Left leg infection treatment and reconstructive surgery at Penn Medicine.
28. **Borys Rachynskyi** (95th Brigade): **\$24,300** — Left leg infection treatment and reconstructive surgery at Penn Medicine; high-level amputation of right leg and arm with subsequent prosthetics at POA and PI.
29. **Yaroslav Yarenenko** (110th Brigade): **\$23,100** — Leg surgery and amputation at Penn Medicine; bilateral below-knee prosthetics at POA.
30. **Vladyslav Romanenko** (80th Brigade): **\$21,260** — Eye surgery at Wills Eye Hospital; bilateral below-elbow prosthetics at PI.
31. **Ivan Meleta** (45th Brigade): **\$26,950** — Reconstructive leg surgery and infection treatment at Penn Medicine.
32. **Oleksiy Kondratenko** (30th Brigade): **\$41,500** — Advanced prosthetic arm at Prosthetic Innovations.

33. **Vladyslav Zaivoronok** (Polk Azov): [\\$11,410](#) — High-level leg amputation; socket replacement and running prosthetic leg at POA.
34. **Ruslan Topchan** (5th Separate Assault Brigade): [\\$13,500](#) — High-level leg amputation; prosthetic socket replacement.
35. **Taras Orel** (82nd Brigade): [\\$10,400](#) — Abdominal trauma and arm injury; preparation for abdominal surgery at the University of Illinois Hospital and hand rehabilitation.
36. **Roman Zabavin** (414th Separate Infantry Battalion): [\\$43,460](#) — High-level arm and leg amputations; bionic prosthetic arm at PI.
37. **Oleksandr Chalapchii** (57th Brigade): [\\$12,800](#) — Bilateral above-knee amputations; basic prosthetic legs at POA.

Beyond these cases, we are preparing to welcome **four additional servicemen** to the United States in December for critical treatments:

- **Artem Borysenko** — Abdominal trauma requiring long-term medication and surgery at the University of Illinois Hospital.
- **Ihor Yefimenko** — Abdominal trauma requiring long-term medication and surgery at the University of Illinois Hospital.
- **Serhii Holovnich** — Bilateral orthopedic leg surgeries and infection treatment at the University of Illinois Hospital in Chicago.

These efforts underscore the critical need for specialized care that is currently unavailable in Ukraine. Your support has made it possible for these brave individuals to regain mobility, independence, and dignity.

NextStep Ukraine: Rehabilitation Centers for Sustainable Care

Revived Soldiers Ukraine also operates two rehabilitation centers, **NextStep Ukraine**, located in **Lviv and Irpin, Ukraine**. These centers provide ongoing recovery and rehabilitation services to approximately **45 patients daily**.

2025 Achievements

- Patients treated: 120 in Lviv and 172 in Irpin.
- Operational costs: \$35,000 per month, totaling [\\$420,000](#) annually.
- Expansion of the Irpin rehabilitation center: [\\$135,000](#), increasing capacity and adding occupational therapy services (\$24,000).

Advanced Equipment Investments

To further elevate the quality of care, we plan to add state-of-the-art rehabilitation equipment, including:

- Diego VR Arm and Shoulder Rehabilitation system with virtual reality: [\\$86,000](#) (one unit in Irpin).
- Omega Plus leg rehabilitation system for restorative-phase therapy: [\\$61,705](#) (one unit in Irpin).

By following the guidelines of leading rehabilitation centers such as **Brooks Rehabilitation Hospital in Jacksonville** and **Shirley Ryan AbilityLab in Chicago**, we are committed to adopting global best practices in therapy and rehabilitation.

Support for Ukraine's Frontline Defenders [\\$372,823](#)

Our commitment extends beyond medical and rehabilitation care:

- Evacuation of eight ambulances: [\\$60,500](#).
- SonoScape ultrasound devices for Lviv and Kyiv military hospitals: [\\$69,377](#).
- Two portable Butterfly ultrasound devices with iPads: [\\$8,000](#).
- Three pickup trucks for strategic operations: [\\$46,600](#).
- Crane to restore runway operations at a pilots' airfield: [\\$18,100](#).
- Uniforms, generators, and power stations for stabilization medical units: [\\$124,436](#).
- Training for two Ukrainian Army surgeons at UIC Hospital, including robotic surgery using the da Vinci system by Intuitive Surgical: [\\$18,000](#).
- Summer camp for 80 children of injured soldiers and orphans in the Carpathian Mountains of Ukraine: [\\$27,810](#).

Looking Ahead: A Call to Continue Supporting Our Mission

As we reflect on 2025, we are inspired by the resilience of the soldiers we serve and the generosity of our supporters. Looking ahead, our goals include:

1. Expanding NextStep Ukraine by increasing patient capacity and introducing advanced rehabilitation equipment.
2. Enhancing individual medical assistance by bringing more severely wounded servicemen to the United States for treatments unavailable elsewhere.
3. Strengthening frontline support by providing advanced technology and essential supplies to Ukraine's defenders.

Your continued support is invaluable in enabling us to carry forward this life-changing work. Together, we can offer hope, healing, and a brighter future to those who have sacrificed so much for the cause of **Ukraine's freedom**. If you would like additional details or wish to schedule a meeting to discuss our progress and plans, please do not hesitate to reach out to me directly.

Your generosity is the foundation of our mission, and we are honored to have you by our side.

With deepest gratitude and warm holiday wishes,

Revived Soldiers Ukraine
